Jane & Geo. first lived in a log cabin when they moved in Heber City in fall of 1860, from Springville, Utah. By hard work & punch-pouring savings, they prepared a farm.

By 1874 they were able to move into a large millstone and working seeing eggs & butter etc. She tucked away a part of her sales in her secret place, behind a stone in the basement of her home. Over years of thrift her secret savings amounted to over \$1500 in 1870. 1891
